Thank you, Mr O Gorman for your email of todays date.

Your proposal of an interest rate of 2% is not acceptable. Unless I hear from you by return, that you are prepared to use the Managed fund rate at the date of the actual payment to me, then I must consider the enforcement options available to me via the circuit court. The determination of the Pensions Ombudsman is unambiguous in relation to the period after 10-4-2013 and makes no reference to your 'normal process'.

Regards,

Donal De Barra
